

WANT TO CHANGE
THE WORLD

YOU CAN

Join the
LIONS CLUB OF CECIL PLAINS and make
A DIFFERENCE

We Community Volunteers are a unique generation. We always have been. We're individualistic, self-reliant, and diverse. We're committed to good causes and to high ideals. And we know that our lives are about much more than taking care of ourselves - we are also here in this world to make a difference.

As members of our local Lions Clubs. All around the globe, **WE'RE DEVELOPING STRONGER COMMUNITIES**, improving health care, helping the young, providing disaster relief, and building bridges to world peace.

As Lions, we're achieving an aim many of us have shared since that extraordinary era when we came of age. We're changing the world.

HELPING THE YOUNG When we were growing up, we wanted to make the world a better place. Today's young people have the same dream, and as Lions we're trying to make it come true.

Our members are involved in efforts to provide children with food, shelter, clothing, education, and health care. Through such programs as our Youth Camps, Youth Exchange Program, Children of Courage, Youth of the Year Lions Quest, Miss Personality and Peace Poster Contest, we offer them opportunities to share their similarities and celebrate cultural differences.
